

MEMO TO: Exotic Animal Auction or Exchange Venue Organizers

FROM: Animal and Plant Health Protection

SUBJECT: Notification of Exotic Animal Auction or Exchange Venue

The Exotic Animal Auction or Exchange Venue Act, Neb. Rev. Stat. §§54-7,105 to 54-7,110, requires that an Exotic Animal Auction or Exchange Venue Organizer (Event) notify Animal and Plant Health Protection (APHP) at least 30 days prior to the date on which the Event is to be held. Notification shall include the location, time, and dates of the Event and the name and address of the Event organizer. It shall also include the name of the accredited veterinarian contracted to issue health certificates (Certificate of Veterinary Inspection (CVI)) when needed. A CVI must be obtained when a change of ownership occurs for a bovine, porcine, ovine, caprine, or camelid. If a veterinarian is not contracted the organizer will sign the statement, *"I will only sell sheep, goats, miniature pigs, camelids (llamas, etc.), and miniature cattle (hoof stock) that come to the sale with a current (within 30 days) Certificate of Veterinary Inspection (CVI). Animals without a current CVI will not be allowed at the sale."*

Notification shall be made in writing or by facsimile transmission.

The records for each Event must be maintained for at least five years after the date of the Event.

We have enclosed an organizer record of sales form and application for permit for your convenience. Please complete the application form and mail or fax this to APHP office at (402) 471-6893. If you have any questions, please contact Dr. Roger Dudley at (402) 471-2351 or Jeanne Egger at (402) 471-6880.
