Originally founded by Ray Baxter in 1935, T&E Cattle Company continues nearly 80 years later as a closely held and operated family business owned entirely by the five members of the Baxter family. Presently under the guidance of the third generation, Greg Baxter, the operations of T&E Cattle Company are diversified, including cattle feeding, farming, and ranching with cow/calf pairs. We have a capacity of 20,000 head and continue to feed cattle for ourselves as well as other people from all over the United States as well as Canada. We employ around 25 people full time and are involved in the back grounding of calves, finishing cattle in the feedyard facilities for slaughter as well as operating a cow/calf herd, producing calves to come into the feedyard facilities each year.
